- Dermatological Wounds - Dr. Raj, Malaysia
- Management of Biofilm: What's New - Dr. Adisaputra, Indonesia
- Case Discussion - Dr. Hanis Ali, Malaysia

### Message from the Organizing Chairman

Dear friends and wound family members, it gives me great pleasure to invite you all to attend the Wounds Malaysia Kuala Lumpur International Conference 2017 in Kuala Lumpur with the theme Bridging the Gap. This will be the inaugural Wounds Malaysia meeting bridging the gap between translational research from lab to the clinical setting and from clinical to research. Multidisciplinary team approach with an interdisciplinary outlook is stressed. Various experts from different countries and organizations will be sharing their experience and expertise. I wish you a great conference and please participate fully in all the workshops, masterclass and discussions.

In addition, students who have passed the exams and modules will be awarded the Certificate in Clinical Wound Care (CCWC) during the conference.

Thank you. Take care and God bless.

Dr. Harikrishna K. R. Nair S.I.S KMN
Founding President Malaysian Society of Wound Care Professionals MSWCP

### Message from the Founding President

We are proud to present to you the inaugural Wounds Malaysia meeting with the theme ‘Bridging the Gap’. This will be the first event of its kind in Malaysia focusing on translational research, clinical practice, and interdisciplinary collaboration. The conference is designed to bring together experts from various fields to share their experiences and expertise in the field of wound care.

We anticipate a rich program that covers the latest developments in wound care, including advanced treatments, innovative technologies, and evidence-based practices. The symposium will feature presentations on a wide range of topics, including the care of acute and chronic wounds, wound infection, pressure injury prevention, and wound healing technologies.

Attendees will have the opportunity to learn from leading experts in the field, network with peers, and participate in interactive workshops and discussions. The conference will also provide a platform for students and early-career professionals to present their research and engage in meaningful conversations with established experts.

We believe that this conference will not only be a valuable learning experience but also a catalyst for collaboration and innovation in the field of wound care. We look forward to welcoming you all to Wounds Malaysia 2017 in Kuala Lumpur.

Thank you for your participation, and we wish you an enjoyable and enriching experience at the conference.

Dr. Harikrishna K. R. Nair S.I.S KMN
Founding President Malaysian Society of Wound Care Professionals (MSWCP)
